Luke 21:34-36—“But take heed to yourselves, lest your souls be weighed down with self-indulgence, and drunkenness, or the anxieties of this life, and that day come on you suddenly, like a falling trap; for it will come on all dwellers on the face of the whole earth. But beware of slumbering; and every moment pray that you may be fully strengthened to escape from all these coming evils, and to take you stand in the presence of the Son of Man” (Weymouth New Testament).

An article by Stephen Kokx titled “Blue State Abortion Laws Prove Hillary Clinton Is Wrong to Say Democrats Don't Support Infanticide” was posted at lifesitenews.com on Sept. 21, 2023. Following are excerpts of the article.

Despite liberal lawmakers continuing to pass laws that have the effect of legalizing infanticide, Hillary Clinton recently said it is “totally bogus” to accuse Democrats of supporting such

policies.

Clinton was hosting a panel discussion titled “Women’s Rights are Human Rights: How to Provide Abortion Care in a Post-Dobbs World” for the Clinton Global Initiative meeting in New York this week. She was speaking with Democrat Governors J.B. Pritzker of Illinois and Gretchen Whitmer of Michigan (two of the most pro-abortion governors in the country) when she made her remarks.

Arguing that there has been a “powerful backlash” by pro-lifers across the United States since the U.S. Supreme Court overturned *Roe vs. Wade*, Clinton asked the pair how their messaging has changed since 2022.

Clinton began: “What I see happening now, which is a totally bogus argument, is that Democrats are for, you know, abortion at birth.”

“After birth,” Whitmer interjected.

“After birth, right,” Clinton replied.

Clinton continued: “I always give the Republicans credit because they find these wedge issues. They make these outlandish claims, and they never deviate from them.”

In 2019, then-Virginia Democrat Governor Ralph Northam appallingly said that if a woman was in labor and still wanted an abortion, the baby would be “kept comfortable” after-birth until the mother and the physician decided to either let it live or kill it.

Northam, who doubled down on his remarks afterwards, was speaking to a radio station about the implications of the Repeal Act (which was written by Virginia Democrat Delegate Kathy Tran). Tran also stated that her bill would do away with any limits on abortion, including up to when a pregnant woman was dilated.

Scores of Democrats across the United States have passed equally barbaric laws in recent years.

- This past summer, Minnesota lawmakers approved a bill that removes protections for babies who survive abortion attempts.
- In California last year, ultra-liberal Democratic Governor Gavin Newsom signed a package of laws that critics have said is intended to decriminalize infanticide.
- In Arizona, Democrat Governor Katie Hobbs vetoed legislation in April that would have mandated medical care for babies born alive during unsuccessful abortions.

Pro-life activists have pointed out that the intended aim of these laws is not only to legalize the murder of unborn children up to the moment of birth, but even after it.

Clinton further asked Whitmer to comment on some of the other reasons why abortion is supposedly beneficial for women.

Whitmer responded: “Access and protection of those rights is so important for our economy. It’s also critical for our competitiveness” (referencing overseas business trips she went on recently).

Clinton said: “It’s so important to make the point you made, Gretchen, about economic rights and economic opportunities.”

Clinton’s daughter, Chelsea, famously came under intense criticism for remarks she made in 2018 that were similar to Whitmer’s comments. At the time, Clinton boasted that “American women entering the labor force from 1973 to 2009 added \$3.5 trillion dollars to our economy.” (She mentioned that this is not disconnected from the fact that Roe became the law of the land in January of 1973.)

Pro-lifers as well as supporters of traditional values denounced Clinton’s idolization of “the economy.”

Many argued that women should be at home raising their children – a privilege increasingly difficult for families to access given the cost of living. Others pointed out that far from being an economic boom, legalized abortion has led to 60 million babies being murdered in their mothers’ wombs.

An article by Allen West titled “The Hypocrisy of the Hunter Biden Hustle” was posted at townhall.com on Sept. 18, 2023. Following are excerpts of the article.

I am writing this missive from San Diego – here for a conference on creating more awareness and solutions for the issue of fatherlessness in America.

While I was flying out, I was considering the recent news about the indictments on several federal gun charges for one Hunter Biden. I immediately thought about the 1970s song by Van McCoy called “The Hustle.”

If Special Prosecutor David Weiss and the entire Biden crime syndicate think the American people will fall for this hustle, they are gravely mistaken. I think we can all see through the facade of this delusional charade, and if not, let’s delve into it.

First of all, why are we just now getting to an indictment on a felony crime that was committed in 2018? That means the statute of limitations will soon run out.

I have served on the Board of the NRA. I am currently Chairman of the Second Amendment

Institute, and I am a Life Member of several 2nd Amendment advocacy organizations.

I am familiar with BATF Form 4473. Lying on that form is an “immediate federal felony crime” with a minimum sentence of five years. Anyone filling out this form is made aware of that penalty, on the spot.

This silly excuse by the Hunter Biden legal buffoons that there was no harm done, well then, anyone that has been found guilty and is serving (or has served) a prison sentence, should file a lawsuit and say, there was no harm done.

Hunter’s lawyers believe that you can lie on this form as long as you do not commit a crime with the weapon. Lying on the form is (by itself) a crime.

- Mr. Gun Control, Joe Biden, now has a son who is guilty of three felony federal gun charges.
- Hunter is charged with lying to a Federal Firearms Licensee (FFL) – while it is those same FFLs who are being prosecuted and having their licenses revoked by Biden’s out-of-control ATF agency for clerical mistakes on Form 4473.
- Joe Biden recently handed down an executive order on a simple firearm accessory called a “pistol brace” (just a piece of plastic enabling better control and handling of a certain design weapon), so Biden sought to turn millions of legal and law-abiding gun owners into felons – and now his son faces felony gun charges.
- Hunter Biden is charged with three felony gun charges at the same time that the deranged Governor of New Mexico is trying to undermine the constitutional right to keep and bear arms of legal, law-abiding citizens.
- How can Biden claim to be for “gun control” when he released one of the world’s most notorious gun dealers in exchange for WNBA basketball player?

Yeah, you just can’t make this up.

The real hustle in all of this is the proposed distraction for which no one is falling.

Hunter Biden was going to enter a guilty plea when he felt he was getting a sweetheart plea deal. That included his charges of tax evasion. If Weiss believes that we will fall for this Kansas City Shuffle move, he is grossly mistaken.

These felony gun charges (upon which they will try to run clock out) are minuscule in comparison to the tax evasion issues because those can easily lead back to the “Big Guy.”

Furthermore, we all know that Joe (who maintains that his son did nothing wrong) will probably

pardon that rascal.

David Weiss and the lawless Biden DOJ under Merrick Garland are running a weak doggone hustle on the American people. This poor attempt to save face failed as soon as it was announced. Hunter Biden must be charged with felony tax evasion.

Again, consider the hypocrisy of Joe Biden demanding we “pay our fair share” when his boy didn’t for six years.

Hunter Biden is a millstone about the neck of Joe Biden.

All of this reminds me of a quote from Sir Walter Scott’s play “Marmion” – “Oh, what a tangled web we weave when first we practice to deceive.”

When you try to run a hustle on folks, it does eventually collapse on you. This is not just the case for the Biden crime family, but it is also the case with the progressive socialist leftists who are trying to hustle the American people out of their individual rights, freedoms and liberties.

Steadfast and Loyal.

An article by James Lynch titled “Here’s All the Evidence Connecting Joe Biden to Hunter Biden’s Foreign Business Dealings” was posted at dailycaller.com on Sept. 17, 2023. Following are excerpts of the article.

The amount of evidence connecting Joe Biden to Hunter Biden’s business dealing is growing as Congressional investigations continue to reveal new information surrounding Hunter Biden’s engagements.

Witness testimony, emails, text messages, flights and additional evidence indicate Joe Biden was knowledgeable about Hunter Biden’s business dealings and communicated with his son’s business associates on numerous occasions.

- Hunter Biden’s former business associate Devon Archer testified in July to the House Oversight Committee that Joe Biden spoke with his son’s business associates more than 20 times, including a spring 2014 dinner with Russian oligarch Elena Baturina and a spring 2015 dinner with Vadim Pozharskyi, an executive with Ukrainian energy firm Burisma Holdings.
- In addition, Archer mentioned a meeting Joe Biden had in Beijing with a Chinese business associate, whose daughter later received a college recommendation letter from then-Vice President Joe Biden.
- Hunter Biden was being paid more than \$80,000 per month by Burisma when the dinner

with Pozharskyi took place, according to bank records released by House Oversight. Baturina wired \$3.5 million to a shell company owned by Archer and Biden in February 2014, bank records show.

- According to Hunter Biden's laptop archive, Pozharskyi emailed Hunter Biden in April 2015: "Dear Hunter, thank you for inviting me to DC and giving an opportunity to meet your father and spent [sic] some time together. It's really [sic] an honor and pleasure."
- The Biden family and its associates received more than \$20 million from Ukrainian, Russia, Chinese, Romanian and Kazakhstani business associates, the bank records indicate.
- Archer also described to House Oversight how the Biden family "brand" represented by Joe Biden protected Burisma from scrutiny and kept the firm in business. Archer said Hunter Biden "called D.C." at Burisma's December 2015 board meeting because of pressure from Pozharskyi and Burisma founder Mykola Zlochevsky.
- Joe Biden took a trip to Ukraine days after Hunter Biden's phone call and archived emails show then-VP Biden's office worked with one of Hunter Biden's business associates on media inquiries related to Burisma on the day of the apparent phone call.
- Internal State Department emails show Joe Biden's office sent them talking points and instructed officials not to single out Zlochevsky in response to media questions. Archer could not confirm whether Joe Biden was on the other end of his son's phone call.
- After his testimony, Archer told Daily Caller Co-Founder Tucker Carlson it is "categorically false" to claim Joe Biden did not know about his son's business dealings. In the interview, Carlson displayed a personalized letter Joe Biden sent to Archer in 2011 apologizing for not being able to meet him.
- Archer also told Tucker Carlson [that] Ukrainian prosecutor Viktor Shokin was a "threat" to Burisma's business before Joe Biden successfully pressured Ukraine into getting Shokin fired. Archer told Carlson about a raid Shokin orchestrated on Zlochevsky's office that occurred soon before Shokin was fired.
- Joe Biden told the Council of Foreign Relations in September 2016: "You remember last year I was authorized to say we'd do the second tranche of a billion dollars. And he didn't fire his chief prosecutor. And because I have the confidence of the president, I was there, and I said: 'I'm not signing it. Until you fire him, we're not signing, man. Get it straight. We're not doing it.'"
- House Oversight has requested records from the State Department related to Shokin and Burisma to better understand why U.S. officials changed their perception of Shokin in late 2015. Unearthed memos from U.S. and European officials show Shokin was making progress on Ukraine's anti-corruption goals before he was fired.

- A separate FBI FD-1023 form contains allegations from a confidential human source that Zlochevsky bragged about sending bribes to Joe Biden and Hunter Biden. Zlochevsky claims he sent \$5 million to Joe Biden and \$5 million to Hunter Biden to get Shokin fired, the confidential human source said. The Ukrainian oligarch allegedly possesses two recordings of Joe Biden and 15 recordings of Hunter Biden discussing the bribes. Republican Kentucky Rep. James Comer (Chairman of the House Oversight Committee) said in June the FBI is investigating the bribery allegations.
- IRS whistleblower Gary Shapley testified to the House Ways and Means Committee in May and disclosed a transcript from Hunter Biden's former business associate Rob Walker, who said Joe Biden met in May 2017 with officials from CEFC China Energy (a Chinese energy company doing business with Hunter Biden). Shapley confirmed Joe Biden's apparent meeting with CEFC associates when he testified publicly in July.
- Furthermore, Shapley disclosed a threatening text Hunter Biden allegedly sent in July 2017 to a different Chinese associate where he referenced Joe Biden's presence in the room.
- According to Shapley, Hunter Biden said: "I am sitting here with my father and we would like to understand why the commitment made has not been fulfilled. Tell the director that I would like to resolve this now before it gets out of hand, and now means tonight."
- Hunter Biden added: "I will make certain that between the man sitting next to me and every person he knows and my ability to forever hold a grudge that you will regret not following my direction. I am sitting her waiting for the call with my father." (Images from Hunter Biden's laptop demonstrate he was with Joe Biden the night he sent the apparent text message – according to the Washington Free Beacon.)
- Hunter Biden texted a CEFC associate on August 3, 2017 boasting over how the "Bidens are the best" at doing what his boss wants for the company, House Oversight revealed in June.
- Hunter Biden told CEFC associate Gongwen Dong: "The Biden's are the best I know at doing exactly what the Chairman wants from this [partnership]." (The next day, Hunter's shell company Owasco PC received a \$100,000 payment from CEFC, House Oversight discovered.)
- The Chairman of CEFC was Ye Jianming, a businessman who was linked to the Chinese Communist Party before being arrested for bribery, House Oversight said in a memo released in May. Emails on Hunter Biden's laptop show he was "office mates" with Joe Biden and Dong, alongside Jill Biden and his uncle James Biden.
- Hunter Biden's failed guilty plea deal with the Department of Justice (DOJ) indicates he made more than \$600,000 from CEFC in 2017 and roughly \$1 million from Hudson West III, a business entity he formed with a CEFC associate. IRS whistleblower Joseph Ziegler testified in July that Hudson West II brought in \$3.7 million overall and confirmed the payment from CEFC.
- An email sent in May 2027 by former Hunter Biden business associate James Gilliar

alludes to Joe Biden as “the big guy” in a discussion about a potential business deal.

- “10 held by H for the big guy,” Gilliar suggested (with the “big guy” moniker referring to Joe Biden) former business associate Tony Bobulinski confirmed to the New York Post. According to House Oversight, Gilliar texted Bobulinski on May 20, 2017: “Don’t mention Joe being involved, it’s only when u are face to face. I know u know that but they are paranoid.”
- Walker received \$3 million worth of payments from State Energy HK (a different Chinese energy firm) and sent more than \$1 million of those payments to LLCs held by Biden family members – House Oversight revealed in March. Ziegler also confirmed the payments from State Energy HK in his testimony.
- “It’s really hard. But don’t worry, unlike Pop [Joe], I won’t make you give me half your salary,” Hunter Biden texted his daughter Naomi in 2019, according to text messages from his laptop archive reported by the New York Post. Emails on Biden’s laptop indicate he wired himself \$100,000 from Joe Biden’s bank account when he was dealing with financial issues.
- Moreover, emails on Biden’s laptop show Hunter was paying Joe Biden’s phone bill and paid for house repairs for Joe Biden’s Wilmington, Delaware residence, the Daily Mail reported.
- Hunter Biden took an estimated 15 flights with his father on Air Force Two when Joe Biden was vice president, according to an analysis by Fox News. The first son accompanied then-VP Biden on trips to Canada, Mexico, Europe, Africa and Asia – the outlet reported.
- House Oversight has requested the National Archives and Records Administration (NARA) provide records from Hunter Biden’s apparent flights and multiple aliases Joe Biden appeared to use for government purposes, including a meeting with Ukraine’s president that Hunter Biden was aware of ahead of time.
- Hunter Biden’s business associates visited the White House more than 80 times when Joe Biden was vice president, Fox News reported based on White House visitor logs.
- The younger Biden met with his father, Devon Archer and a lobbyist for Kazakh Prime Minister Karim Massimov at the Naval Observatory, the vice president’s official residence, Archer testified. House Oversight is looking closely at the Naval Observatory meeting as part of its investigation, the New York Post reported.
- The House Ways and Means, Oversight and Judiciary Committees will be leading an impeachment inquiry into Joe Biden over Hunter Biden’s business dealings and IRS whistleblower testimony accusing the DOJ of giving Hunter Biden special treatment in their ongoing investigation, Speaker McCarthy announced Tuesday.
- The role Joe Biden allegedly played in Hunter Biden’s business dealings is a central component of the impeachment inquiry and House Oversight’s probe into the younger Biden’s affairs.

- The White House said in June that Joe Biden was “not in business” with his son and Joe Biden said Archer’s testimony is “not true” in August.
- “The House GOP investigations have turned up no evidence of wrongdoing by POTUS,” White House spokesman Ian Sams tweeted on Sept. 12. “In fact, their own witnesses have testified to that, and their own documents have showed no link to POTUS,” Sams added.
- Hunter Biden was indicted Thursday on three gun charges and faces a maximum of 25 years in prison. Special counsel David Weiss is simultaneously investigating Hunter Biden’s taxes following the collapse of his plea deal in July. Shapley and Ziegler have accused DOJ investigators of giving Hunter Biden special treatment under Weiss’ watch prior to his special counsel designation.
- Biden pleaded not guilty to two tax misdemeanors after Delaware U.S. District Court Judge Maryellen Noreika scrutinized an immunity provision in the pretrial diversion agreement for his felony gun charge. Noreika’s pressure caused a dispute between Biden’s counsel and the DOJ resulting in the collapse of Biden’s plea agreement.

Isaiah 55:6-11—“Seek you the Lord while He may be found, call upon Him while He is near. Let the wicked forsake his way, and the unrighteous man his thoughts; let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon. ‘For My thoughts are not your thoughts, nor are your ways My ways,’ says the Lord. For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts. For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word by that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it.”
