

## 2 JOHN 1:9-11

6/18/22

- \* Today -- Opportunity to give 2 presentations
- \* Often -- Both topics are directly connected -- but not today
- \* First title -- 2 John 1:9-11

---

2 John 1:9            whoever transgresses and does not abide in the  
                         doctrine of Christ, does not have God --  
                         he who abides in the doctrine of Christ,  
                         has both the Father and the Son

\*Right doctrine -- very important

1 Cor. 15:24            the Son of God will deliver the kingdom to God  
                         the Father -- the Son of God will put an end to  
                         all rule, all authority and power  
                 25            the Son of God must reign until He has put all  
                         enemies under His feet  
                 26            the last enemy to be destroyed is death  
                 27            Psalm 8:6  
                 28            when all things are made subject to the Son, then  
                         the Son Himself will be subject to the  
                         Father (who put all things under Him) --  
                         that God may be all in all

\*Consider -- Importance of how we treat people

2 John 1:10            if anyone comes to you and does not bring this  
                         doctrine (of Christ) -- do not receive him  
                         into your house nor great him  
                 11            he who greets him, shares in his evil deeds
