                 -- once a year

### \* Hebrews 7

Heb. 7:1             Melchizedek  
2             to whom Abraham gave a tithe  
3             without father or mother  
4             how great this man was -- Abraham gave his tithe  
to him  
5             different from Levi  
9             Levi (who received tithes) -- he paid tithes  
                 through Abraham  
11            Hence, if perfection came through the Levitical  
                 priesthood, why would there be a need for  
                 another priest?  
12            the priesthood was changed  
14            our Lord came from Judah  
15            there arises another priest  
16            fleshly commandment -- versus -- endless life  
17            a priest forever  
22            the Son of God -- has become a mediator of a better  
                 covenant  
23            there were many priests -- because they died  
24            but because He continues forever, He has an

25                   He ever lives -- to make intercession  
26                   a High Priest

                  holy  
                  harmless  
                  undefiled  
                  separate from sinners  
                  has become higher than the heavens  
27                   who does not need to offer up daily  
sacrifices

                  who does not need to offer up sacrifices  
                  for His own sins or for the sins of  
                  the people

28                   the law appointed high priests, men who had  
weaknesses -- the oath (which came after the law) appointed the Son  
(who has been perfected forever)
